

# MARILYN MONROE

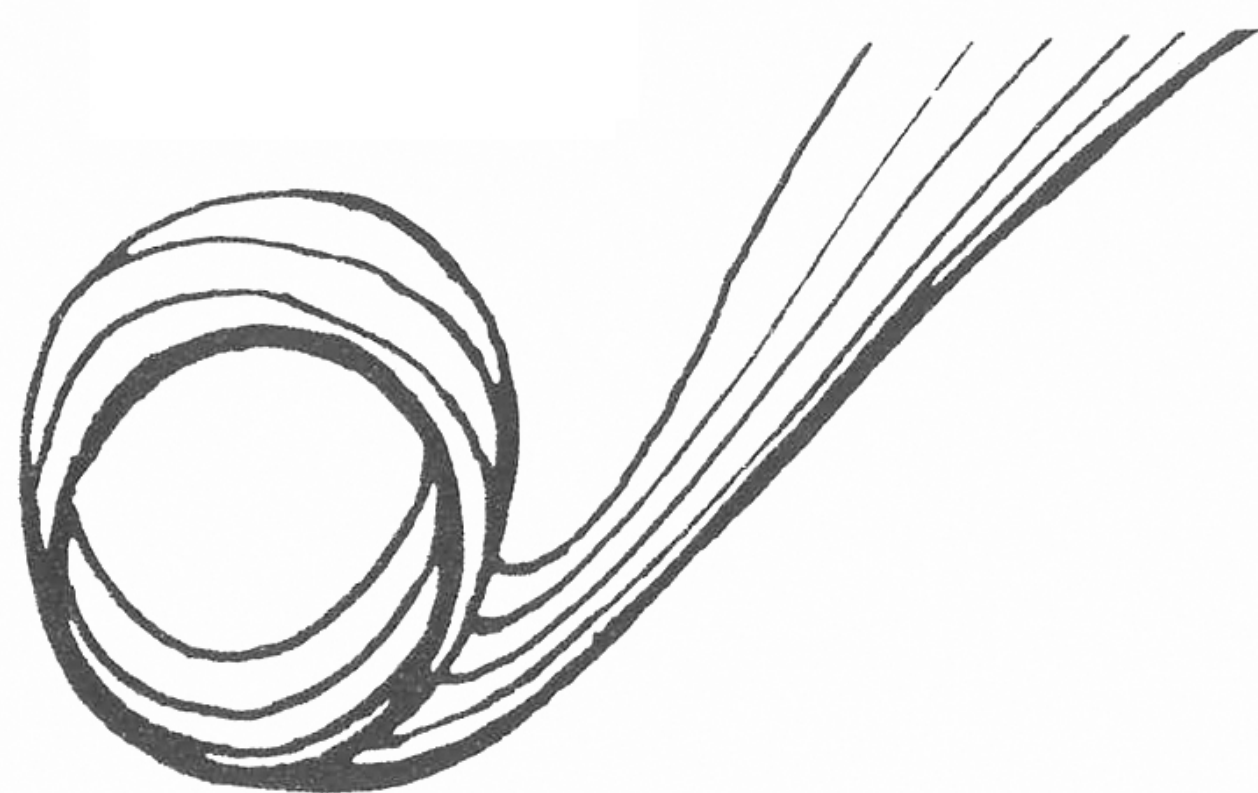

As any calendar owner knows, there isn't an inch of Marilyn that isn't glamorous. She herself is proudest of her hair, spends hours fixing it, is never without a hairdresser. But don't give up—you can get the same look with rollers. Be sure to place them exactly as shown. Set rest of hair with No. 2\* curls. Marilyn's style, with its soft, fluffy look, is perfect for light hair or dyed hair.
