

Biennial Report of
THE CHIEF OF STAFF OF
THE UNITED STATES ARMY
July 1, 1943, to June 30, 1945

TO THE SECRETARY OF WAR

Demobilization

The Army is now involved in the process of demobilizing the tremendous forces it gathered to win the victory. This requires the return of millions of troops to the United States and the processing of their discharge. It means the cessation of munitions production which has absorbed most of our energies and resources during the last five years.

The demobilization, like the mobilization, affects every phase of national life. Until such time as the authorized governmental agencies determine the policy which will regulate demobilization, the War Department must proceed under existing legislation and policy to carry on this process in an orderly manner.

The War Department recommends that the occupation forces and the U. S. complement in the International security force be composed as much as possible of volunteers. This can be accomplished by establishing now a new permanent basis for the regular military establishment.
