ADVANTAGES OF WEDLOCK.

WOMAN'S RISK GREATER THAN MAN'S.

The risks of marriage are for the greater part on the woman's side. Women have so little the power of choice that it is not, perhaps, fair to say that they are less likely to choose well than we are; but I am persuaded that they are more frequently deceived in the attachments they form, and their opinions concerning men are less accurate than men's opinion of their sex. Now, if a lady were to reproach me for having said this, I should reply that it was only another way of saying there are more good wives in the world than there are good husbands, which I verily believe. I know of nothing which a good and sensible man is so certain to find, if he looks for it, as a good wife.
