

Make It A Harley-Davidson Vacation

Spend your vacation touring with a Harley-Davidson Two-Speed Twin. If you wish to take a friend or the family with you attach the sidecar. The 1914 Harley-Davidson Two-Speed Twin is the ideal machine for vacation touring trips. Its two-speed and extraordinary power permit you to travel through sand and mud as well as over hills impassable to the ordinary motorcycle.

Step-Starter

With the patented Harley-Davidson Step-Starter you need not hesitate to stop the motor because of the bother of dismounting, placing the machine on the stand, etc. You know a simple downward push on either pedal will engage the Step-Starter and start the motor.

Double Clutch Control

You can engage and release the clutch by a simple pressure of heel or toe, or if you desire by the ordinary hand lever.

Double Brake Control

You can operate the extra large Harley-Davidson brake by a pedal conveniently located on the foot board or by back pedaling on either pedal.

Folding Foot Boards

Extra sturdy, long, folding foot boards permit of a variety of touring positions.

Ful-Floteing Seat

Every Harley-Davidson today is built with a Ful-Floteing Seat, the greatest comfort device ever incorporated in a motorcycle. The Ful-Floteing Seat absorbs all the jolts, jars and vibration due to rough roads, etc.

The latest models of the Harley-Davidson are now on display by all Harley-Davidson dealers.

Complete 1914 catalog together with your dealer's name will be forwarded on request. Address
