

HOLLYWOOD

BUT WHERE'S THAT MOVIE?

**JANE RUSSELL'S PUBLICITY POURS IN
BUT HER ONE MOVIE HAS NEVER BEEN
RELEASED**

WITH a perfectly straight jaw, Patricia Russell Fordwell can assure us innocently that Jane Russell's last motion picture, "The Outlaw," is about to be released. Produced and directed by Howard Hughes, discoverer of Jane Russell, it's announced that the film will also feature another youthful Hughes discovery, Jack Palance. Anybody ever anything of Jack Palance?

JANE FONDA AS HUNG IN TOP HAT, THE GENT AND GAVE.

AS AN AIR RAID WARDEN, SHE BRIGHTENS BLACKOUTS.

JANE FONDA AS SHARPSHOOTER, THE DUCK'S DEER.

"THEY'LL MAKE YOU WHISTLE," JANE, ILLUSTRATED.

Glamour poses like this have made Jane Russell the most celebrated pictureless picture star.
